

 **Jacobi Medical Center Presents**
The 15th Annual Warren Wetzel, MD
TRAUMA/EMERGENCY MEDICINE
SYMPOSIUM
Wednesday, May 8, 2013

The Annual Warren Wetzel, MD Trauma/Emergency Medicine Symposium represents the only regional conference dedicated solely to the management of trauma patients. As such, it has been able to attract a nationally recognized faculty. New York City has 18 trauma centers, and the Symposium provides an important forum for the sharing of science and ideas related to trauma.

Program Goals

Physicians and nurses should be aware of the many complex management strategies available for the treatment of the injured in order to minimize complications and mortality. The educational goals of the Symposium are for the attendees to:

- ❖ Understand and recognize the special issues related to combat surgery for the civilian surgeon
- ❖ Review and understand the dynamics of emergency neurological life support and the initial management of severe head trauma
- ❖ Gain awareness of preventing recurrent youth violence from an emergency department doctor's perspective
- ❖ Identify controversies in the management of severe head trauma
- ❖ Analyze the lessons learned from morbidity and mortality conference
- ❖ Understand the special issues related to coagulopathy in the trauma patient
- ❖ Identify and understand the management of non-accidental head injury in infants and children
- ❖ Explore contemporary issues of palliative care in pediatric trauma

The New York City Health and Hospitals Corporation is accredited by the Medical Society for the State of New York to sponsor continuing medical education for physicians. The New York City Health and Hospitals Corporation designates (pending approval) this educational activity for (4.75) AMA PRA Category 1 Credit(s)TM

REMEMBERING A SPECIAL MAN

When one considers the individuals who have left their mark on the history and reputation of Jacobi Medical Center, one person immediately comes to mind: Dr. Warren Wetzel.

Dr. Wetzel was Chief of Trauma Surgery at Jacobi from 1986-1994. An innovative and widely respected surgeon, Dr. Wetzel was instrumental in the development of a Trauma Service which today enjoys national renown. He also developed a unique relationship with the herpetology staff at the Bronx Zoo, upon which he founded Jacobi's Regional Snakebite Center.

Beloved by colleagues and staff alike, Dr. Wetzel possessed unparalleled surgical skill, remarkable leadership ability, deep compassion, and an intense devotion to Jacobi Medical Center. He has left us with a legacy and an inspiration we will never forget.

Jacobi Medical Center is proud of its nationally recognized emergency and trauma services. As a busy Level 1 Trauma Center, Jacobi admits approximately 2,000 trauma patients each year. Jacobi is the only Pediatric Trauma Center in the East Bronx and Southern Westchester.

Jacobi also has the only Snakebite Treatment Center in the entire tri-state area. Additionally, its Burn Service is the designated burn center for the NYC Health & Hospitals Corporation, and one of only three city-wide. Jacobi's FAA approved helipad enables transport of critically injured patients needing the specialized services Jacobi can provide.

We strongly encourage the use of public transportation, please check www.jacobitrauma.com for parking details.
